

Art2Muse

A vibrant art gallery

Located in the heart of Double Bay, Art2Muse Gallery attracts locals, designers, national and international art lovers who can also view and purchase artworks online. Established in 2001 by Katrina Hampton, Art2Muse Gallery represents a diverse range of artworks from 45 established artists at an affordable price. The gallery has been operating in Double Bay since 2008 with an exciting program of regular exhibitions and provides ongoing personalised service. In November 2014 Art2Muse Gallery was the first Australian gallery to be invited to participate in the Contemporary Istanbul Art Fair in Turkey.

We offer a home consultation service to advise on artworks. An initial visit to your home or office will include photographing the space and discussing your preferences. We will then produce a catalogue of recommended artworks superimposed on your walls as a preview before trying the pieces in your home. The \$99 consultation fee is then deducted from your first art purchase.

Here is a selection of available artworks by Baden Croft. Please feel free to contact us for high resolution photographs and catalogues of artworks you are interested in and to discuss your requirements.

Artist Statement

Born in June 1996. Growing up on the coastal Mornington Peninsula meant a sincere appreciation for the natural environment, predominantly the ocean. As a keen surfer spending countless hours at beaches near and abroad, I developed an interest in wildlife (particularly marine life) from a young age. For me, the unpredictability of the ocean is a welcome escape from the often repetitive western society in which we live, and an inspiration for my art and life in general.

Surfing recently led me to venture overseas, exploring some of the best natural locations on the planet - from Morocco and Portugal, to the Philippines and Samoa. Each experience, whether culturally educational or character building, can become motivation for my creative outlet: painting. Oil painting is the art medium I chose to pursue in the later years of high school. The thick and fast application of vibrant colours used to produce my textural pieces provides personal, artistic and aesthetic satisfaction. I draw inspiration from the natural environment, fellow artists and observations of those who surround me, while sometimes exploring the concept of opposing the status quo.
